Director's Report

Happy with symphonic camp, it was a great event for the kids. Professional musicians and directors worked with the kids for 4 hours and basically it was a week's work of work and results are already being seen in the classroom. The bands are in the middle of LGPE music with the pre-LGPE on 3/2/22. Middle school will be 6pm with the high school bands beginning at 7pm. Guest directors will be in the back taking notes to provide feedback for improvements. Additional details will come out for LGPE but the event is usually during the school day for all bands except Wind Symphony. Looking ahead the Wind Symphony will be performing one of the hardest pieces they have ever performed at the Realto in Atlanta on 3/22/22. More details to come out on that event. Class placements will take place during class in the spring.
